Professional Summary

Innovative software engineer and product developer with 5+ years of experience creating impactful solutions across web, mobile, and AI domains. Passionate about combining technical expertise with user-centered design to build products that solve real-world problems.

Education

Master of Science in Computer Science

Stanford University, 2018-2020

Concentration in Artificial Intelligence and Human-Computer Interaction

Bachelor of Science in Software Engineering

Massachusetts Institute of Technology, 2014-2018

Minor in Entrepreneurship, Graduated with High Honors

Professional Experience

Lead Product Developer | Barbell Fitness, Inc.

January 2021 - Present

- â€¢ Founded and developed a strength training analytics platform serving 10,000+ active users
- â€¢ Led end-to-end product development from concept to market launch
- â€¢ Implemented innovative features for workout tracking and progression analysis
- â€¢ Managed a team of 3 developers and coordinated with design and marketing

Technical Architect | COSMO Smart Home

June 2019 - December 2020

- â€¢ Designed the architecture for an IoT ecosystem connecting multiple smart home devices
- â€¢ Developed backend services handling 1M+ daily device interactions
- â€¢ Created secure API protocols for third-party device integration
- â€¢ Implemented machine learning algorithms for user behavior prediction

Full Stack Developer | Cycle-ai

August 2017 - May 2019

- â€¢ Built a sustainable transportation platform optimizing bicycle sharing services
- â€¢ Developed predictive algorithms that improved fleet distribution efficiency by 35%
- â€¢ Created responsive web applications and coordinated with mobile app development

Skills

Programming Languages & Technologies

JavaScript, Python, PHP, Java, C++, HTML5, CSS3, React, Vue.js, Angular, Node.js

Backend & Infrastructure

Express, Django, Laravel, Spring Boot, MySQL, MongoDB, PostgreSQL, Redis, Docker, Git

Product & Design

Product Management, UX/UI Design, User Research, A/B Testing, Analytics, Figma, Adobe XD

Honors & Awards

- â€¢ 1st Place - Agriculture Hackathon 2022
- â€¢ 1st Place - Eduthon Hackathon 2021
- â€¢ Innovation Award - KSU Hackathon 2020
